

Installation Manual Double DIN Kit

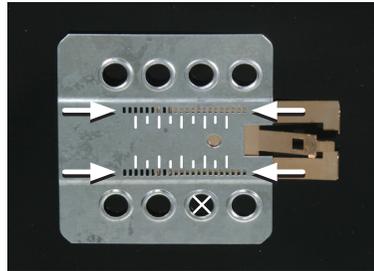

7. Place the new facia plate.

Fix it with two screws (see arrows)

Push the metal frame into the facia plate

Mount the metal brackets with the double DIN head unit

The position of the copper coloured holder can be adjusted to your needs for perfect fit. (see sample)

8. Connect all required circuit points and push the double DIN head unit in the metal frame until it snaps in.

Place the trim frame

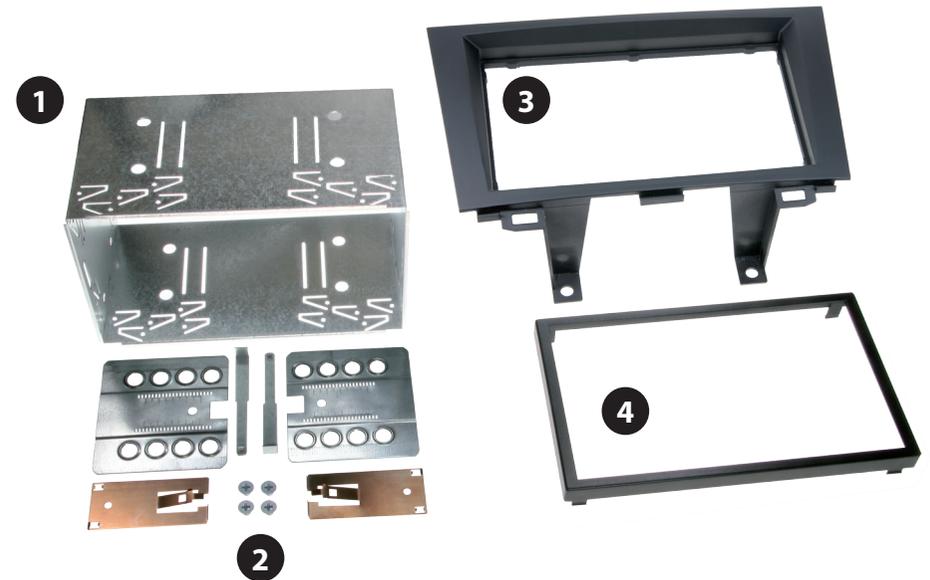

Reinstall everything in reverse order
